Good Morning Titan Parents

We would like to take a moment to communicate with you regarding school safety and recent events at Metro area high schools. During the past week, there have been a number of rumors and threats that area schools have been addressing. Unfortunately, we at Papillion-La Vista South have been facing some of the same rumors ourselves. We have been made aware, through secondary information, that there are rumors of weapons and bomb threats here at South. No Papillion-La Vista school, administrator, or law enforcement agency has received any threats directly, however, we have heard the rumors. At this time we have not found any of the rumors to be credible in nature. We have been diligent to follow-up and are working with law enforcement as we investigate these rumors. As always, providing safety for our students and staff is our primary concern. We ask that you assist us by not spreading rumors and by reporting to the school or authorities any concerns you feel we need to know. We also ask that you assist us in keeping a calm and trusting atmosphere at the school by keeping your child in school and trusting that if we have any substantive information we will be addressing it and sharing it with you. It is our desire to first keep all students and staff safe, and then to provide a climate where a calm and normal school environment is maintained so that the educational process may continue uninterrupted. Thank you for your support.

Dr. Enid Schonewise
